Information letter for additional pregnancy needs and initial baby equipment in accordance with § 2 AsylbLG

More need because of pregnancy:

Pregnant female asylum seekers who are entitled to benefits in accordance with § 2 AsylbLG can assert a claim to additional pregnancy needs at the Foreigners' Office - Asylum Seeker Benefits Act.

To this end, we ask you to submit a medical certificate stating the probable date of delivery. The additional need for pregnancy is granted from the 13th week of pregnancy until the calculated date of delivery.

Flat-rate benefits amounting to 17% of the standard requirement are granted. From 01.01.2019, the flat-rate additional pregnancy requirement will be EUR 72.08 (standard requirement level 1) or EUR 64.94 (standard requirement level 2) per month.

Additional requirement for initial baby equipment:

Asylum seekers who expect a child can apply for initial baby equipment one month before the planned date of birth at the Foreigners' Office - Asylum Seeker Benefits Act. The initial baby equipment is granted as a one-off requirement in the amount of 240.00 EUR. The payment is split.

100.00 EUR will be paid to you 4 weeks before birth, the remaining 140.00 EUR upon presentation of your child’s birth certificate.

The required initial equipment must be purchased, e.g.

- Baby bathtub, bath thermometer, comb, brush
- Clinical thermometer
- Bottle and bottle cleaner
- Bedding, bed linen
- First clothing

You will also receive the following initial equipment in the form of benefits in kind:

- Baby cot with mattress (remains the property of the Garmisch-Partenkirchen District Office)
- Stroller (becomes your property)

Please note that no further benefits in kind (e.g. changing table, red light lamp, etc.) will be issued.

If younger siblings exist (under 3 years), a pro rata authorisation will be granted.
